## Deadmans Bluff Novel Swain James

**printed from crimespreemag 1 reviewing. it's not ...** - from james swain come the two p.b.o.s deadman's poker and dead man's bluff. swain's tony valentine series is one of my favs and i followed him with an eager heart to paperback and vegas. bastard. okay so the story's great. gerry valentine visits a dying friend and is an almost witness to his murder. **the advanced fiction writing e-zine** - 1) welcome to the advanced fiction writing e-zine!! those of you who have joined in the past month (more than ! 300 of you have joined since the last issue), welcome! **storyworld - baby katie media** - in both books, the reader is sucked into a complex storyworld that feels utterly different than our own world, and yet strangely familiar. storyworld is immensely important in writing a novel. this is especially true in the fantasy genre, but it's also true for historical fiction, westerns, and science fiction.
