
Grammar Mpongwe Language Vocabularies 1847

a grammar of the bak6le language, with vocabularies. - mpongwe and the pangwe tribes. their language, though obviously of the same family as the mpongwe, differs very materially as a dialect. the bak6le has a larger number of declensions than the mpongwe, and its adjectives and pronouns, consequently, are more flexible and complicated. **brooklyn book fair 2017 - william reese company** - brooklyn book fair 2017 with images of sojourner truth and frederick douglass 1. ... 2. [africa]: a grammar of the mpongwe language, with vocabularies.... new york: showden & prall, 1847. 94pp. original half morocco and marbled boards, printed title label on front board. ... mpongwe was spoken along the gabun and **some south african language pioneers of the nineteenth century** - some south african language pioneers of the nineteenth century s. a. rochlin* synopsis several additions may be made to doke's and schapera's compilations of the works of the early investigators of bantu and hottentot languages. these include american and italian contributions and, in particular,
